

RAIS OFFICE

Indonesia

Berlin, the 4th of December 2022

Dear Pak Zaim Saidi,

The Rais Office, the communities of Shaykh AbdalQadir as-Sufi and the Dallas Foundation, the inheritors and executors of the estate of Shaykh AbdalQadir as-Sufi have all tried to contact you repeatedly concerning your activities as an Amir of the community of Shaykh abd alQadir as-Sufi in Indonesia. You have ignored most of these communications. It is clear that this is because your activities are separate from the teachings of Shaykh AbdalQadir and the practice of his communities which is modeled on the amal of Medina al-Munawwara.

You have been minting coins without authority and in a manner that we do not recognise or endorse. I have told you that we do not support the violation of the national law in this context.

I do not agree with some of your publications you have initiated. Recently, it has come to my attention that you have been calling for people to withdraw their money from the bank. You act clearly and obviously against my advice.

My concern is the global community and the destiny of the people connected to you. Accordingly, I dismisss you as an Amir and remind you of Shaykh AbdalQadir's legacy which you are abusing. You have no authority or right to use his name. We, the communities of Shaykh AbdalQadir as-Sufi disassociate from you. This is a public statement which will be disseminated around Indonesia. Your actions have compelled this.

Regards,

Rais Abu Bakr Rieger
